Dear Parents and Guardians,

As we begin planning for the upcoming school year, I want to personally thank you for your continued partnership in your child's education. Your involvement and commitment to their success are vital to their growth, achievement, and future opportunities.

I am reaching out to highlight the importance of **re-enrolling your child at Inkster Preparatory Academy for the upcoming school year starting February 6, 2025**, and how doing so supports their academic success and overall development. Staying at the same school year after year ensures:

1. **Academic Continuity:** Teachers and staff deeply understand your child's unique learning needs, strengths, and challenges. By remaining in the same school, your child benefits from consistent and personalized learning experiences tailored to help them succeed.
2. **Strong Relationships:** Staying connected to their school allows your child to build lasting relationships with their peers and teachers. These bonds provide emotional stability and foster a sense of belonging, which is essential for academic and personal success.
3. **Access to Support Services:** offers a wide range of support services, such as tutoring, counseling, and extracurricular activities, that are designed to meet your child's individual needs. Re-enrollment ensures uninterrupted access to these critical resources.
4. **Commitment to Growth:** Our educators are committed to providing a world-class education and opportunities for all students. By choosing to stay at Inkster Preparatory Academy, your child remains part of a learning community focused on high expectations and success for every student.

Re-enrollment also helps us as a district plan effectively for the resources, staffing, and programs needed to provide the best education for your child. Your decision to remain with Inkster Preparatory Academy demonstrates your commitment to stability and excellence in their education.

To secure your child's spot for the next school year, we encourage you to complete the re-enrollment process as soon as possible. If you need assistance or have any questions, our team is here to help. Please contact the school office at 313-278-3825.

Thank you for trusting Inkster Preparatory Academy to partner with you in preparing your child for a bright and successful future. Together, we can ensure their journey is filled with achievement, growth, and the joy of learning.

Sincerely,

Pamela Farris
Superintendent
